

## The Snooker Room

The club has a separate snooker room with two well maintained full size 'Riley' snooker tables.

Has its own bar which gives it a somewhat unique atmosphere !

It is well used by players and none players alike.

At busy times members wishing to play put their names on the chalk board  
& play in order, on a frame by frame basis.

Children above the age of fourteen may use the tables  
( but must be under the supervision of a member)

Children under the age of fourteen are not permitted in the snooker room.
